FRAGRANCE

Catalogue

Fine Fragrance

Suitable for Perfume, Body Mist, Perfume Balm, Roll On Perfume and etc.

That are rich, complex, and long lasting. These fragrances are specially developed with a balanced structure of top, middle, and base notes, allowing the scent to evolve beautifully on the skin.

The oils used in fine fragrances have higher purity and superior ingredients so they can deliver a luxurious sensory experience.

Start your journey creating your own perfume!

The freedom to design a scent that reflects your style and personality.

With our fine-fragrance oils, you can explore different aroma families, blend unique combinations, and craft a perfume that is truly one-of-a-kind.

Whether you prefer something floral, fresh, fruity, or bold, our oils give you the perfect foundation to express your creativity and create a signature scent that is uniquely yours.

AIR CARE

Air care fragrances are specially formulated scents designed to refresh indoor spaces, eliminate unwanted odors, and create a pleasant, welcoming atmosphere. They help enhance mood, improve air quality perception, and provide a clean, comfortable environment for both homes and commercial spaces such as offices, hotels, and retail stores.

These fragrances can be applied in many ways, including reed diffusers, electric diffusers, air freshener sprays, gel fresheners, scented sachets, candles, car fresheners, and even professional HVAC scenting systems. Their versatility makes them ideal for creating signature scents, improving customer experience, and maintaining long-lasting freshness in any environment.

Air Care Fragrance Oils
